Crestmont Borders Canada's Winter Playland

M.A. Collins ©

One of the many benefits of living in Crestmont is the accessibility to Canada's natural playland and all the frills that come with it. Do you roll out of bed on an endless-blue sky Saturday and race to get first tracks at Sunshine? Or have you ever woken up on a Sunday morning and thought, "Let's head out to the Kananaskis Delta Hotel for brunch?" If you do, I recommend the Three Buttermilk Pancakes served with pure Quebec Maple Syrup and Berry Compote – delicious!

As a resident of Crestmont, you are so close to all the action in the Mountains, you can practically smell the cinnamon buns rising in the oven at The Summit Café in Canmore – a great place to warm up with the locals after a Saturday afternoon out on the cross-country track.

Below are a few suggested activities that Crestmontians are encouraged to take advantage of:

- A Whyte Christmas** - Banff Dec 13th – Free of cost. Why not bring in the Christmas season with carols, music, activities, cookies and hot chocolate. Gather up the whole family and kick-start this holiday season in the mountains!
- Santa Family Photo Days** – Banff Dec 23rd to 25th. How would you like to ski with Santa? Join the famous bearded guy for photos at the Lodge of Ten Peaks from 11am until 2pm.

Party on the Pond – Canmore December 31st. Bring in the New Year skating under a blanket of stars, hot chocolate in hand. Take a break and go for a wagon ride or listen to music.

15th Annual Ice Magic Festival – Lake Louise Jan 23 to 25th – Free of cost. Teams of ice sculptors go head to head, creating 7-foot tall ice creations that transform Chateau Lake Louise into a magical, wonderland of ice. These prize-winning sculptures can be viewed until March, weather permitting.

Rocky Mountain Wine and Food Festival – Banff May 2nd What better setting than the Banff Springs Hotel could there be to spend a day sampling fabulous wine and tantalizing foods?

Swiss Fest 09 – Banff Jun 26th to 28th Yodel away your weekend with the North American Swiss Singing Alliance. You didn't watch The Sound of Music that many times for nothing!

These are just a few examples available and convenient to the residents of Crestmont. If you want more information please check out banffakelouise.com or discovercanmore.com

On the Record: A Message From Alderman Dale Hodges For The

Proposed NW Regional Recreation Centre Project

A very successful public open house was held at the Silver Springs Community Centre building on September 23,

2008. As a result of that open house, a number of volunteers came forward to sign up. However, as this will be at least a three year project, many volunteers will be needed to help out on the various committees. If you are interested in this project and interested in volunteering, please check out the website at www.cnrcs.ca for relevant contact information.

Crowchild Trail NW Project

Construction work to complete the widening of Crowchild Trail NW, west of the new Nose Hill Dr. NW bridge is proceeding as planned. The Crowchild Rise NW road on the north side of

Crowchild Trail is now complete and was opened to traffic in October and the collector road north of westbound Crowchild Trail NW has been completed and opened to traffic in October as well. It should be noted that the current traffic configuration will remain in place until the Stoney Trail/Crowchild Trail NW interchange opens, probably in late 2009 or in 2010. The timing of the opening of that interchange is entirely a Province of Alberta decision.

NW L.R.T. Project

The current schedule for the official opening of the new NW L.R.T. extension to the Crowfoot Station is now set for early March, 2009. The second floor of the station is complete including a stairway connection. Escalators have been installed and an eight-week commissioning period is presently underway. The station roof and exterior granite have been completed as well.

South Park & Ride Lot

Construction work in the south (Scenic Acres) park and ride lot is well underway

Volunteers Needed

Call for volunteers – Once again the winter season will create conditions that will enable residents to enjoy skating at the Residents Association. In order to make this happen volunteers are in need to set up and maintain the ice surface. Last year our call for volunteers was answered by some very charitable people in Crestmont who donated their time to benefit others in the community. Once again we are asking for anyone who is able to step up to this much

Crestmont Mommy's Group
